# The Love Alchemy Journey..... in a nutshell

The Inner Prostitute decides that she is **not worthy** of living a life that is aligned with her desires & that it is far too 'unsafe' for her. She is not willing to give up her old life, societal conditioning, fear-based behaviour & thinking in exchange for living her dream & vision.  
The result? She never feels 'chosen' by life or a man.

The knock-on effect of this is that the Divine Child does not get to live out her dream.  
She never gets permission to be herself or do things in her own unique way!

In addition, the weight of not be 'allowed' to go for what she wants creates a life of victim-hood & bullying (on the outside & in).

# The Love Alchemy Journey..... in a nutshell

It is ALL because the voice of the status quo i.e The Saboteur is so loud, controlling & convincing that the Prostitute is too scared & unable to value herself enough to start the ball rolling in the RIGHT direction to make the dream come true.

This will be your biggest hurdle to creating what you want in love.

Do not be alarmed.

The bigger your Saboteur the bigger your Magician.

I promise you that you have everything it takes to create Magic in your love life.

Here is how the journey is really supposed to happen (but society doesn't let you know this)

# The Love Alchemy Journey..... in a nutshell

The Inner Prostitute decides to give up her old life, societal conditioning & fear-based behaviour & thinking in exchange for living her dream & vision.  
This activates the Inner Muse.

The Muse says 'YES' to herself & her desire to live life her way & in doing so inspires the Lover to want to provide for her.  
The Lover says 'YES' to meeting his Muse in her desire & turning her life into a work of art.

The Sovereigns (The King & The Queen) are then able to take the dream of the divine child & turn it into a vision. They are fully committed to taking total responsibility for bringing it into reality. They act as conduits with the Divine/God.  
They literally COMMAND your dream into being!

# The Love Alchemy Journey..... in a nutshell

The Warriors (The Warrior & the Inner Mother) create & hold the energetic space for the dream to come in. The Inner Mother loves unconditionally & does not allow room for victim-hood.

The Wise Woman is prepared to go in blind into this space that has been created. She does not need to know how because she knows her own innate power to be the creator of life. She is willing not to know & to be without sight. She submits to not-knowing.

The Magician receives the wisdom needed using the Wise Woman's huge innate power to create. From her 'not-knowing' comes his 'knowing'.  
He is the voice of your genius.

# The Love Alchemy Journey..... in a nutshell

The Magician advises the King with his wisdom.

The King brings order to this wisdom, which when coming from the Magician can feel or sound chaotic or not make 'sense'  
(according to the Saboteur, who is trying to block this type of action).

The King instructs the Warrior to take the necessary action, which in fact makes perfect sense.

This is the alchemical process which turns energy into matter  
& thus produces the physical manifestation  
i.e. your dream relationship / man / life.
